

2014

CENSUS OF HORTICULTURE

Top 3 Reasons to Respond to the Census of Horticulture:

1. Your operation and products are a valuable part of the ag industry and should be counted - nursery and floriculture products were more than a \$14.5 billion industry in the U.S. according to the 2012 Census of Agriculture.
2. Your input serves as the foundation for many decisions involving the sustainability and growth of your industry.
3. Your responses are required and protected by Federal law. Confidentiality is guaranteed.
